FOUNDATION SYSTEM // CIRCUIT NODES

FOUNDATION SYSTEM // CIRCUIT NODES

Build capability across connected systems. Small improvements compound.

Node	Builder Layer
Knowledge	Learning systems
Skill	Practice systems
Health	Energy systems
Relationships	Connection systems
Financial	Long horizon systems

COMPOUND ARCHITECTURE

Small systems repeated intentionally create larger outcomes.

BUILDER LAYER

Observe. Build. Repeat. Compound.

STATIC ABYSS PENDING

CONSTELLATION LAYER

Capability compounds across systems. Systems compound future possibility.

SIGNAL ANOMALY

Repeated systems matter. Connections matter.
